

## LEGIONELLA

### Aim

Current legislation set out by the Health and Safety at Work etc Act 1974 along with the HSE's updated Code of Practice known as L8 which was published in 2001, states that the companies and building owners have a legal duty to manage legionella. This course is aimed at those with a responsibility to understand that legal duty.

### Course Duration

The course will be of one day duration and tailored to include client's internal procedures and documentation for inclusion within the presentation (prior discussion will be required before commencement of training).

### Course Syllabus

- Legal Requirement
- What is Legionella?
- Health effects
- Risk Areas
- Risk Management
- Water System Monitoring
- Cooling System Awareness

### Certification

Delegates will receive an attendance certificate.
