

RISK ASSESSMENT & RISK MANAGEMENT

Aim

Risk assessments are vital to protect your staff, patients and your organisation. Helping you to focus on the risks that really matter, our risk assessment course will provide you with all the skills you need to comply with the law. By the end of the course learners will have a thorough understanding of the risk assessment process.

Course Duration

The course will be of half day or one day duration and tailored to include client's internal procedures and documentation for inclusion within the presentation, prior discussion will be required prior to commencement of training.

Course Syllabus

- What is risk assessment?
- Key definitions?
- Why it is important for the organisation to manage risk?
- How do we manage risk?
- Strategically
- Operationally – HSE Five Steps to Risk Assessment Model
- Syndicate exercise – based on clients site incorporating images supplied by client

Certification

Delegates will receive an attendance certificate.
